August 2018

EXPERIENCE

DevMountain | Lehi, UT

February 2023 - June 2023

Student Developer [portfolio](#)

-- Designed interactive websites using figma and implemented using Javascript, with integration into both Node.js and Flask frameworks.

-- Created test cases using Selenium and Jest to verify proper functionality of applications and enhance application reliability and user experience.

-- Planned and deployed database models to store user information, pictures, and files in postgresSQL/ MySQL databases for a seamless user experience.

-- Deployed web applications on remote servers and databases to optimize website data storage. Achieved quick response times and ensured constant uptime.

IKEA | Draper, UT

January 2020 - Present

Sales & Logistics

-- Volunteered to help open the store to fulfill online orders through covid. Together we opened the store and started serving 100 orders a day.

-- Compiled daily reports for each department, detailing which products should be prepped for more stock, need more space, and what other departments have their product, allowing shopkeepers make informed decisions on their products

-- Managed sales locations and allocated space to each product based on current sales and stock, resulting in a 30% increase of product direct flow.

-- Shadowed Sales Supply Specialists and acquired hands-on experience extracting and analyzing information to make informed decisions.

Planet Fitness | Taylorsville, UT

August 2018 - August 2019

Assistant Manager

-- Lead a team of 15 member service professionals and implemented ongoing training during our gym tours to guarantee an impactful and informative experience for potential members

-- Compiled daily reports for the Gym manager, including signups/cancellations, amenity usage, and in-club purchase, providing organized insights for informed decision-making on gym statistics.

-- Conducted weekly/monthly audits on exercise machines, tanning beds, and massage chairs, ensuring safety and high member satisfaction.

-- Coordinated weekly shipments of essential items, including cleaning supplies, tanning lotion, and energy drinks and ensured accurate quantities were delivered.

-- Active participant in franchise meetings, contributing insights and perspectives to support collaborative decision-making and enhance franchise operations.
